

## PRODUCT SPECIFICATION

Trade name: *PRODENE neutral, liquid handwash cream*

<b>Product description:</b>	<b>PRODENE neutral</b>
<b>Brief characteristics:</b>	Liquid, mild handwash cream soap-free perfume-free pH neutral biodegradable
<b>Ingredients (INCI):</b>	Aqua; Sodium Laureth Sulfate; Sodium Chloride; Cocoyl Hydroxyethyl Imidazoline; Citric Acid; Methyldibromo Glutaronitrile, Phenoxyethanol, Methylchloroisothiazolinone, Methylisothiazolinone; CI 19 140, CI 45 100
<b>Product characteristics:</b>	Mild tenside to ensure gentle cleaning. pH neutral value protects the skin's acid mantle. Unperfumed to ensure no transfer of odours when handling odour-sensitive materials.
<b>Application range:</b>	Gentle cleaning of light dirt from the skin, particularly suitable for odour-neutral hand washing in the food sector.
<b>Instructions for use:</b>	Spread a small quantity evenly over dry skin. Wash with a little water, rinse thoroughly and dry.
<b>Technical data:</b>	pH value        5,5 – 6,0 Viscosity       4000 ± 500 mPa.s Density         1,00 g/ml
<b>Environmental data:</b>	The tensides contained in this product are biodegradable to at least 90% on average in accordance with the requirements of the Tenside Regulation (Tensidverordnung) to the Detergents and Cleaning Products Act (Wasch- und Reinigungsmittelgesetz).
<b>Shelf life:</b>	30 months in a sealed container.
